

When preparing your CAMERA READY paper, please follow the following instructions for you paper to be included in the AAMC2015 conference proceeding.

* An acceptance of your paper to be presented in the AAMC2015 does not guarantee your paper to be included in the proceedings. Failing to comply with the format by our proceeding preparation deadline would suggest disqualification of your paper from our proceedings.

Precise Format for CAMERA READY paper to be included in AAMC2015 Proceedings

1. A4 paper size, Times New Roman 10 point font, single spacing and 1 inch margin around the pages
2. The whole text should be fully justified at center (Ctrl+J in Microsoft Word).
3. Your paper should start with the paper title, follows by authors' name, affiliation and email. These info need to be centered. DO NOT provide full address, Tel and Fax; you can provide such info only for your corresponding author in the footnote.
4. Abstract's title is bolded and total word count should be limited to 150 words.
5. Keyword, if any, should be limited to only 6 keywords.
6. Acknowledgement, if any, should come after Keywords. Keep it short
7. All sections should be numbered and bolded: 1. Introduction; 2. Literature Review 3. Methodology
8. The title for Table and Figure should be centered on the top of the subject and Note and Sources should be left aligned at the bottom of the subject. They should be put in the relevant position in the text, not end of the text.
9. Footnote is prefer, not Endnote
10. Use APA style for references (please visit: www.apa.org for details)
11. DO NOT put page numbering.
